

CONNECTICUT CHAPTER NEWS-CTC

Terry *Stoyanovich* Kneece and I want to thank the Nation's Capital (DCA) Chapter and especially **Claudia (Tangye Van Veen)** and **Kathy (Paley Starmann)** for the fantastic job they did... Silverliners are a lovely group of women, all so friendly and outgoing. Our era was a great time to be an Airline Hostess.

Terry Kneece has a busy summer ahead of her. Going to Maine in July. RI in August and will tour the California coast and National Parks in October.

Terry *Stoyanovich* Kneece at Reagan National Airport for the EAL Terminal Reception

Janet *Biaardi* Grace has just returned from three months in Florida, playing golf a lot, working a few days. The grandchildren keep her busy...she has 10. Easter she cooked for 21.

Mary *Maler* Moretti just returned from her winter in Stuart, FL, she's busy getting settled here.

Joan *Bates* Henderson is going here and there with her Frank. A busy couple and such fun to be around.

Mary *Thompson* Kellam is busy getting her house ready for sale. She has lovely furniture which won't be moving and has to make decisions, decisions. Mary donated several auction items to the DCA auction. They got very good prices, so thank you. Next year I hope you will be able to go.

Karen *Carlyle* Murray, since you are on your way to some exotics place I am doing the Newsletter for you.

She will tell us about it on her return. They always go to such interesting places.

Lois *Jirschele* Morton thanks all of you for being so helpful on my visit. I wouldn't have missed the convention for the world. Special thank you to **Barbara Bodge Bukata** and FGC for pushing me around the museum.

Words can not express how thrilled I was with the presentation at the Banquet of the canvas photo of Paul Newman. As you enter my house, it will be at the top, so all that enter will see it. Thank you, Thank you.
