

CHICAGO CHAPTER NEWS—ORD

Thank you DCA for hosting a terrific 2014 Convention. **Ruth Kuh Metzler** and **Lorrie Washburn Fantino** enjoyed all the festivities and made the stay at home members jealous.

Ruth Kuh Metzler is unpacking her luggage after being in Florida for six months. She missed Chicago's horrible winter weather which seems to be continuing into May. Her husband and daughter-in-law are in a holding pattern with their illnesses.

Dee Dee Bornemann Skoug turned 65 and after working for 19 years with AT&A, finally retired. Her future plans are the purchase of a home in The Villages, to live there six months and then return to their summer cottage in Edgerton, WI. She had lunch with **Merrill Anners Oberg** and reminisced about their flying days.

Lorie

Washburn

Fantino and husband Sam returned from Florida and on their way home stopped to see **Shirley McCreary Johnson**. Shirley was happy to see them and is doing the best she could under her circumstances.

Gail Cadman Robb, **Cathy Connelly Carroll** and **Evie Kolbrick Fegan** have dedicated their lives to family activities.

Rosemary Pasquale Lanzillotti and husband Joe, along with their daughters Angela and Francine, traveled to Napa Valley, CA. to see their grandson Julian, who is a student at the Culinary Institute of America. Weather was cold and rainy, but enjoyed Alcatraz and wineries. Had a great time.

The Chicago Chapter is planning on having a luncheon soon to discuss plans for the future year and also to receive our 60th Anniversary Disc.

looking forward to seeing everyone next year at the Board Meeting in Savannah.

Submitted by: Rosemary Pasquale Lanzillotti

ABOVE, Lorrie *Washburn Fantino* (on right) accepted the award t the 2014 Convention on behalf of Dee Dee *Bornemann Skoug* for originating our first Flight to the North Pole and presented it to DeeDee at the recent ORD Chapter meeting.
