

ALOHA

from the new **Hawaii Chapter of Silverliners (HWI)** that opened this year during a Zoom meeting giving many Coast to Coast Chapter members a chapter of their own. While it is true that members live on different islands, they manage to get together... as well as representing their new chapter at the 2024 International Convention.

If you live on one of the islands, and are a former or current flight attendant, please check us out. We'd love to have you join.
